

**Jefferson County Department of Public Works
is seeking members for its Solid Waste Advisory Committee**

The Solid Waste Advisory Committee (SWAC) is made up of volunteers in the community, members of public interest groups, professionals from the business community, operators of solid waste collection and recycling companies, and representatives of local governments. Additional information about SWAC, including a list of [members](#), can be found in the [SWAC Notebook](#).

The SWAC assists in the development of programs and policies concerning solid waste handling and disposal and reviews and comments upon proposed rules, policies, or ordinances prior to their adoption. Five of the members are appointed based on the Commissioner District where they reside ([see map](#)).

The SWAC is looking for a citizen from District 1 and for a citizen from District 3 to join the Solid Waste Advisory Committee.

If you would like to help in the long-term planning for the County's solid waste program, please consider volunteering for SWAC for a two-year commitment with six regular meetings a year. Contact Richard Talbot, manager, Solid Waste, at 360-385-9213, or rtalbot@co.jefferson.wa.us.
