Public meetings to discuss, design and plan affordable housing

The public is invited to participate in a series of meetings to discuss Affordable Housing. We will be asking you to help us identify barriers to home ownership and affordable rents for your neighbors, including the elderly, families and the disabled.

Jefferson County and the City of Port Townsend will develop a plan of action to help public, non-profit and private groups implement strategies to improve the availability of affordable housing for the workforce.

Please come and offer your ideas, thoughts and suggestions!
