

Shoreline Master Program Comprehensive Update

# SMP Road Show

**Community Meetings for Public Outreach & Involvement**

Jefferson  
County is  
updating the  
Shoreline

Master Program (SMP) as  
required by the State.

The SMP applies to  
freshwater and marine  
shoreline resources and  
land use activities.

A "traveling road show"  
will visit four communities  
around the County to  
inform the public about  
the status of this project  
and to gather citizen input.

Each event will follow the  
same agenda including an  
open house, a slideshow  
lecture and an audience  
participation session.
