Subject: Proposed Changes to the SMP

Please forward this to members of the Planning Commission.

Thanks,

Tom Giske

Date: May 5, 2009
From: Tom Giske
Subject: Proposed Changes to SMP

Fellow Commissioners:

I plan to move for the following changes at this week's meeting:

Tom G.

- 1) In Article 2. Definitions: Remove the words "or erosional bluff" from the definition of "Feeder bluff"
- 2) In Article 8, Section 2 Aquaculture, under C. Shoreline Environment Regulations: That all wording in this section associated with "Geoduck aquaculture" be restored as originally submitted in the PD SMP.
- 3) In Article 8, Section 4. Forest Practices, under B; change the wording to say: "Forest practices are prohibited within 1,000 feet of the ordinary high water mark of all shorelines."
- 4) In Article 8, Section 6 Mining, under: C. Shoreline Environment Regulations: Item 2. Aquatic, and 4. Conservancy, be changed to read the same as items 1. Priority Aquatic, 3. Natural, and 5. Shoreline Residential. "Mining use and development are prohibited."

I will be happy to explain my reasoning in our public meeting.

Tom Giske
