Please be advised that after a thorough examination of my current budget it appears that the amount allocated is insufficient to pay necessary expenses of this department for this year. After a careful examination of all the expenditures within the department budget with respect to present and future needs, I find that my budget is short. Therefore, for this current year for the reason(s) outlined below, I request an emergency appropriation and budget extension in the amount of:

For funds other than Current Expense (General Fund)-- Is there enough Fund Balance (unencumbered cash) to cover this additional expenditure?  
 Yes  
 No

Please be advised that a revenue source (i.e. grant, new fee) has been received by this department which was not included in the annual budget at the time it was prepared. Therefore, I request an emergency appropriation and budget extension to include this new revenue in the budget this year as outlined below in the amount of:

BARS Revenue #	Description	BUDGET

				\$0
<b>TOTAL EXPENDITURE</b>			\$10,856	\$100,109

Reason for Appropriation/Extension

There is a remaining balance of \$10,856 in our Byrne grant. Corresponding revenues and expenditures have been added to the budget. The additional amendments to the budget show reductions in lieu of salary freeze in 2011 and do not change the bottom line of the budget.

This is to adjust the budget to show reductions in lieu of a salary freeze in 2011. The Larry Scott Trail Segment 4 project is funded 50% by local funds and 50% with a Recreation and Conservation Office (RCO) grant which represents one of the highest local matches for all current projects. In order to accomodate the budget reduction, the local match for this project was eliminated. The grant funding will be returned to the RCO.
