AGENDA REQUEST

TO: Board of Commissioners

FROM: Philip Morley, County Administrator

DATE: July 5, 2011

RE: 2011 DNR Timber Revenue Overview and Update on Silent Alder Sale

STATEMENT OF ISSUE: Staff presents to the Board of County Commissioners our current 2011 Washington State Department of Natural Resources (DNR) timber revenue projection, and an update on DNR's Silent Alder sale.

ANALYSIS: DNR timber sales (and private timber sales, too) are performing better because prior wood and lumber inventories have been exhausted, boosting domestic demand for new timber harvest, coupled with a robust export market to overseas.

Projected 2011 General Fund revenue from county trust lands managed for timber harvest by DNR is presently estimated to come in at as much as \$375,000 above the \$230,000 DNR revenue in this year's adopted General Fund budget. The Road Fund and Conservation Futures Fund will also receive higher revenue from those sales, as will other special purpose districts that also receive DNR revenue.

Staff is working on a proposal for dedicating a portion of the General Fund's one-time revenue windfall to pay for debt service and capital projects that otherwise would be a General Fund obligation.

Last year the Board of County Commissioners successfully asked DNR to withdraw, modify and reissue its Silent Alder timber sale, in order to preserve a valuable recreation forest between Beausite Lake and Gibbs Lake. DNR timber tracts on two parcels that totaled 291 acres were spared from harvest. The Board signed a letter to DNR requesting DNR initiate a Trust Land Transfer for all 291 acres. As a part of this transfer, the 291 acres would be given to the County, and one or more tracts elsewhere in Jefferson County would be placed into DNR county trust status, and managed for harvest revenue to the county. This timber and land value of that tract would equal that of the 291 acres.

Despite the reduced the amount of timber, with an improving timber price market, when the smaller Silent Alder timber sale was successfully bid and contracted, it was for \$34,000 more than DNR's price estimate for the original larger sale.

By agreement when the Silent Alder sale was revised and relet, DNR has asked to be compensated for \$30,000 of their costs for withdrawing, re-drawing, and re-advertising the Silent Alder sale. We will be using some of this year's higher DNR revenues to pay for this. My office will be submitting a second quarter budget extension request to pay this invoice from Non-Departmental budget within the General Fund.

FISCAL IMPACT:

The April 2010 DNR timber revenue projection prior to the reduction of 291 acres for the Silent Alder Tract compared to the May 2011 estimate for revenue for the Silent Alder Tract are shown in the table below:

Silent Alder Timber sale estimated revenues:

Date of Estimate by DNR	Cut	Volume	Estimated Revenue-all Agencies	County Gen Fund revenue	County Roads revenue	County Consv. Futures	County Revenue Total
Apr-10	Silent Alder	4600 mbf	950,000	133,898	93,765	3,776	231,439
May-11	Silent Alder	3362 mbf	1,091,717	153,872	107,752	4,339	265,963
		Revenue Difference	141,717	19,974	13,987	563	34,524

These estimates are based on DNR updates provided to the BOCC on April 5, 2010 and May 3, 2011.

RECOMMENDATION:

No action is required at this time, this is an informational update on the 2011 DNR Revenues and the Silent Alder Sale.

Reason for Appropriation/Extension

The City of Port Townsend and Jefferson County have entered into an interlocal agreement for Proposition 1, which passed in November of 2010. According to this agreement, the City will transfer a portion of it's revenue from the 0.3% criminal justice sales tax beginning July 1, 2011. The dollar amount of this transfer is estimated to be \$106,500 in 2011. The purpose of the funds is to maintain and operate Memorial Field and the Port Townsend Rec Center, and to retain a consultant for the Exploratory Regional Parks and Recreation Committee. At the time the 2011 budget was written, it was not known if Proposition 1 would pass. This budget extension provides for Proposition 1 revenue and expenditures. In addition, Kid Fit, Afterschool, and Rec Center Birthdays are recreation programs that have earned revenue in excess of budgeted amounts. Similarly, field rentals are earning revenue in excess of budgeted amounts. These additional field revenues will be invested into Memorial Field in 2011 as maintenance repairs and small improvements. Finally, a transfer from Parks Improvement is needed to budget unexpected revenue and expenditures at Quilcene and Lake Leland Campgrounds which were re-opened by volunteers in the spring of 2011. The transfer from parks improvement also covers unexpected office, shop and equipment rental fees and removal of danger trees damaged by wind storms from Gibbs Lake and Oak Bay Parks.

Lake Leland and Quilcene Park were re-opened by donation of volunteer labor in the spring of 2011. This re-opening was not anticipated when the budget was done in 2010. This extension budgets the revenue expected from the campground operation. In addition, a transfer of \$11,000 to the Parks and Recreation Budget is needed in the 2011 budget for: expenses of operating the re-opened campgrounds, unexpected tree removal at Gibbs Lake and Oak Bay Parks, increases in rental fees for office space and shop space; and unexpected roads equipment rental fees for repairs at H.J. Carroll Park.

Reason for Appropriation/Extension

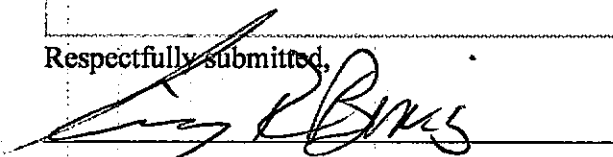

The County Administrator authorized expansion of the Courthouse Roof Renovation project for an additional cost of \$70,000. The county will not receive grant monies until the end of 2011 and thus an additional \$300,000 is needed for cash flow purposes until the County is reimbursed.

The following projects need to be added to the 2011 C&R program:

EOC/JeffCom roof replacement \$40,000

Castle Hill parking lot design/engineering \$10,000

Please be advised that after a thorough examination of my current budget it appears that the amount allocated is insufficient to pay necessary expenses of this department for this year. After a careful examination of all the expenditures within the department budget with respect to present and future needs, I find that my budget is short. Therefore, I request an emergency appropriation and budget extension in the amount \$15,000.00 for this current year for the reason(s) outlined below.

For funds other than Current Expense -- Is there enough Fund Balance (unencumbered cash) to cover this additional expenditure? Yes No

Please be advised that a revenue source (i.e. grant, new fee) has been received by this department which was not included in the annual budget at the time it was prepared. Therefore, I request an emergency appropriation and budget extension in the amount of _____ to include this new revenue in the budget this year as outlined below.

				\$0.00

TOTAL EXPENDITURE		\$45,000.00	\$15,000.00	\$60,000.00

Reason for Appropriation/Extension

Claims are running higher year to date than in the past several years. It is anticipated that the remaining budget will not cover the balance of the year.

The increase will come from fund balance in Fund 502.

Respectfully submitted,
