

Jefferson County
Board of Commissioners
Agenda Request

To: Board of Commissioners
Philip Morley, County Administrator

From: Frank Gifford, Public Works Director *FG*

Agenda Date: August 15, 2011

Subject: Local Agency Agreement Supplement with the Washington State Dept. of Transportation (WSDOT), Upper Hoh Road Emergency Repair, MP 7.7-8.0, XO1781, Federal Aid Project No. ER-0801(025)

Statement of Issue: The attached Local Agency Agreement Supplement with WSDOT is necessary in order to proceed with completion of the Upper Hoh Road, MP 7.7 to MP 8.0 emergency repair project.

Analysis/Strategic Goals/Pro's & Con's: Between December, 2004 and January, 2008 Public Works performed emergency repairs at Upper Hoh Rd. MP 7.7 to MP 8.0 under Federal Aid Project No.'s ER-0501(015) and ER-0801(025), constructing a total of 1,400 lineal feet of armored bank protection. Remaining work consists of mitigation required by the Washington State Dept. of Fish & Wildlife (WDFW). Mitigation will be satisfied by replacing the culvert at Alder Creek Tributary, Upper Hoh Road MP 2.15, with a WDFW-approved, fish passable structure. A Local Agency Agreement Supplement is necessary in order to fund acquisition of an easement from the Washington State Dept. of Natural Resources.

Fiscal Impact/Cost Benefit Analysis: This supplement will increase the Preliminary Engineering funding from \$233,000 to \$257,000. This will be funded at 86.5% by the Federal Highway Administration and 13.5% by a combination of Rural Arterial Program (RAP) funds, and County road funds.

Recommendation: The Board is requested to sign the Local Agency Agreement Supplement, and return to Public Works.

Department Contact: Monte Reinders, County Engineer, 385-9242.

Agency Jefferson County		Supplement Number 3
Federal Aid Project Number ER-0801(025)	Agreement Number LA-6569	CFDA No. 20.205 (Catalog of Federal Domestic Assistance)

The Local Agency requests to supplement the agreement entered into and executed on January 31, 2008

All provisions in the basic agreement remain in effect except as modified by this supplement.

The changes to the agreement are as follows:

Project Description

Name Upper Hoh Road MP 7.7 to MP 8.0 Emergency Repair Length 0.3

Termini Milepost 7.7 to Milepost 8.0

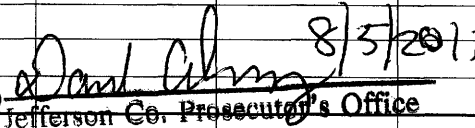

Description of Work No Change

Emergency Repairs at Upper Hoh Rd. MP 7.7 to 8.0 were completed in 2008. Remaining work consists of environmental mitigation for placement of riprap in the Hoh River, as required by the Washington State Dept. of Fish and Wildlife.

Reason for Supplement

As mitigation for the emergency repairs, the culvert at Alder Creek Tributary, Upper Hoh Road MP 2.15, will be replaced with a WDFW-approved fish passable structure. This supplement is for a Washington Dept. of Natural Resources (DNR) right-of-way plat. Construction of the project will require a permanent easement from DNR. This will require county staff time and hiring a surveying consultant to prepare the survey and right-of-way documents.

Does this change require additional Right of Way or Easements? Yes No
