On behalf of the Citizens of Jefferson County we recognize

## *AL SCALF*

**For your skill, dedication and heart** in serving the citizens of Chimacum (and all of Jefferson County!) in a career of outstanding public service spanning 25 years with Jefferson County – including 16 years (and one month) as Director of Community Development. We thank you for your many accomplishments, too numerous to list, including shepherding the County's first Comprehensive Plan to set a 20-year vision for Jefferson County, and preparing our Unified Development Code to help implement the Plan. As a lifelong resident, you have exemplified deep care and respect for the community and the people we serve. As a facilitator, you have brought people together to voice their varied aspirations and helped them bridge their divides to find common ground. You have helped property owners accomplish their dreams, while protecting public safety, the environment and the commons we all share. As a mentor, you have supported your staff to develop professionally and personally, and to achieve great things. And even as you effectively advocated for the Department of Community Development's mission, you have always strived to strengthen Jefferson County government as a public institution, and to help your colleagues in the other departments. As you have excelled personally, you have always played for "the team." We thank you for your dedication, skill and commitment.

Dated this 28<sup>th</sup> day of November, 2011.
