

Jefferson County
Board of Commissioners
Agenda Request

To: Board of Commissioners
Philip Morley, County Administrator

From: Frank Gifford, Public Works Director 

Agenda Date: May 7, 2012

Subject: Supplemental Agreement for Consultant Services with Tetra Tech, Inc. for Spruce Creek Culvert Replacement, Upper Hoh Rd. MP 9.70, XO1821, Federal Aid No. ER-0701(051)

Statement of Issue: Public Works staff requests a modification of the scope of work and budget in the basic agreement with Tetra Tech, Inc. to include additional services for Spruce Creek Culvert Replacement.

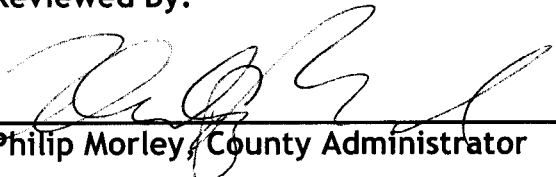

Analysis/Strategic Goals/Pro's & Con's: This supplement to the existing scope of work between Jefferson County and Tetra Tech is for construction assistance services for Spruce Creek Culvert Replacement, and also extends the completion date from December 31, 2012 to January 30, 2013. These services will include review of shop drawings and calculations for the 3-sided box culvert, performing a load rating for the box culvert, providing on-site construction inspection assistance, and assisting with responses to Contractor questions during construction.

Fiscal Impact/Cost Benefit Analysis: The Tetra Tech agreement covers a supplement of \$15,573 for the Spruce Creek Culvert Replacement, increasing the maximum amount payable for this site from \$157,977 to \$173,550, and increasing the total contract value to \$482,745. This work is funded at 86.5% by the Federal Highway Administration and 13.5% by the County Road Fund.

Department Contact: Mark Thurston, P.E., Project Manager, 385-9160.

Recommendation: The Board is requested to execute the Supplemental Agreement with Tetra Tech, Inc., and return to Public Works.

SUPPLEMENTAL AGREEMENT NUMBER 4	CONSULTANT ADDRESS/TELEPHONE: Tetra Tech, Inc. 1420 Fifth Avenue, Suite 600 Seattle, WA 98101-2357 Phone: (260) 883-9300
AGREEMENT NUMBER: Tetra Tech – Upper Hoh Road	MAXIMUM AMOUNT PAYABLE: \$482,745.51
PROJECT NUMBER: XO1736, XO1781, and XO1821	COMPLETION DATE: January 30, 2013
PROJECT TITLE: Upper Hoh Road Culvert Replacements	

The County of Jefferson, State of Washington, desires to supplement the agreement entered into with Tetra Tech, Inc. and executed on January 19, 2010 and identified as:

Tetra Tech – Upper Hoh Road

All provisions in the basic agreement remain in effect except as expressly modified by this supplement.

The changes to the agreement are described as follows:

II

Section II, SCOPE OF WORK, shall be amended by creating a new task for Spruce Creek -- Task No. 8, Construction Administration Assistance. The items of work that will be done under Construction Administration Assistance are set forth in the attached Exhibit A – Spruce Creek Culvert, and by this reference made a part of this supplement.

There will be no change to the scope of work for Dismal Creek and Alder Creek.

IV

Section IV, TIME FOR BEGINNING AND COMPLETION, is amended to change the date for completion of the work to read:

This contract will expire on January 30, 2013.

V

Section V, PAYMENT, shall be amended as follows:

For Spruce Creek, Task No. 8, Construction Administration Assistance, will have a maximum amount payable of \$15,573.00. The new, total maximum amount payable for Spruce Creek will be \$173,550.00, as shown below. There will be no change to the maximum amount payable for Dismal Creek and Alder Creek.

EXHIBIT A

SUPPLEMENT NO. 4 -- SCOPE OF WORK SPRUCE CREEK CULVERT REPLACEMENT

INTRODUCTION

This supplement provides for additional professional services necessary to provide support during construction for Jefferson County. The additional effort is described per major task category below. Jefferson County will provide all construction inspection. One site visit by the project's geotechnical engineer is budgeted to observe footing conditions as described below.

1. **Review Shop Drawings and Culvert Calculations:** Shop drawing and calculation review pertaining to the precast concrete box culvert and footings will occur under this task. The Special Provision reference is 6-02.3 Construction Requirements, Shop Drawings. A limited time allocation is established to respond to questions.
2. **Respond to Questions during Construction:** It is anticipated that the majority of these requests will be responded to by the County. A limited time allocation is established to respond to questions where the County passed questions to Tetra Tech for response.
3. **Geotechnical Construction Support:** Time is allocated for one site visit by the team's geotechnical engineer, AMEC Environmental & Infrastructure, Inc., to observe footing conditions and to provide recommendations for the placement of the precast concrete footings.
