

**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS
AGENDA REQUEST**

TO: Board of County Commissioners

FROM: Carl Smith, Director of Community Development 

DATE: October 1, 2012

RE: Extension of Burning Ban for the 2012 fire season on open debris burning;
not including recreational fires.

STATEMENT OF ISSUE:

Staff presents for Board of County Commissioners (BoCC) consideration, a resolution to implement an extension of the burning ban for east Jefferson County during the 2012 fire season.

ANALYSIS:

On July 2, 2012, the BoCC approved Resolution No. 44-12, establishing a burning ban for Jefferson County for the 2012 fire season. This burning ban is set to expire on September 30, 2012. Due to the high fire danger still present in the County, the East Jefferson Fire Rescue district is extending the burning ban in their district until October 15, 2012. East Jefferson Fire Rescue recommends that other agencies also extend the ban until that date.

Due to the high fire danger still present in Jefferson County, staff concurs with the recommendation of the East Jefferson Fire Rescue district.

A summer burn ban is a valuable tool for reducing the occurrence of preventable human-caused wildfires, providing a safeguard against hazards to life safety and property. This burning ban will help protect citizens, fire fighters, emergency responders and private property. The burning ban does not include "recreational fires", defined as a fire not more than three feet in height and three feet in width.

FISCAL IMPACT:

No direct fiscal impact from the proposed action

RECOMMENDATION:

Staff recommends the Board of County Commissioners adopt the proposed resolution to extend the 2012 summer burning ban until October 15, 2012.
