

Jefferson County  
Board of Commissioners  
Agenda Request

**To:** Board of Commissioners  
Philip Morley, County Administrator

**From:** Monte Reinders, Public Works Director, County Engineer 

**Agenda Date:** May 27, 2014

**Subject:** Local Agency Agreement Supplement #5 with Washington State Department of Transportation

For : Queets Bridge Painting, Bridge No. 8W, Clearwater Road MP 0.60 to M.P. 0.76, Project No. CR1881

---

**Statement of Issue:** A Local Agency Agreement Supplement #5 with the Washington State Dept. of Transportation is necessary in order to re-distribute existing federal funding to the Construction Engineering phase for the Queets Bridge Painting project.

**Analysis/Strategic Goals/Pro's & Con's:** This project consists of repainting the steel bridge girders and bracing members of the Queets Bridge. The work includes minor girder web bracing, abrasive blasting, treatment of pack rust, containment of wastes, and repainting with a primer and top coat paint system. Re-distribution of the existing funding from the Construction Contract category to the Construction Engineering category is necessary due higher project management and construction engineering costs required for an extended project close-out period.

**Fiscal Impact/Cost Benefit Analysis:** The total project cost is estimated at \$2,969,652, and is funded at 100% by the Federal Highway Administration. The total funding amount remains unchanged. This supplement moves \$55,000.00 into the construction engineering line to pay for additional project management and construction engineering.

**Recommendation:** The Board is requested to sign the three original Local Agency Agreement Supplement #5 documents. One fully executed original will be returned to the Board after execution by the Washington State Dept. of Transportation.

**Department Contact:** John Wayand, Project Manager, 385-9377.

Agency Jefferson County Public Works		Supplement Number <b>5</b>
Federal Aid Project Number BHOS-16WA(001)	Agreement Number LA 7393	CFDA No. <b>20.205</b> (Catalog of Federal Domestic Assistance)

The Local Agency requests to supplement the agreement entered into and executed on January 6, 2014

All provisions in the basic agreement remain in effect except as modified by this supplement.

The changes to the agreement are as follows:

**Project Description**

Name Queets Bridge Painting Length 0.16

Termini Clearwater Road milepost 0.60 to milepost 0.76

**Description of Work**  No Change

The proposed work consists of repainting the steel girders and cross bracing. This will include the following general items of work: (1) providing a containment system, (2) abrasive blasting to remove existing paint, (3) treatment of pack rust, (4) disposal of waste, (5) repainting with a primer and top coat painting system, (6) traffic control, and (7) minor girder web bracing in Span 1 and Span 4.

**Reason for Supplement**

Increase of CE Agency amount due to higher than originally estimated project management and construction engineering costs, during an extended project close-out period. The extended close-out period is due to investigation and processing of a claim by the contractor. Supplement #5 shifts a portion of unused CN Contract amount to the CE Agency amount.

Does this change require additional Right of Way or Easements?  Yes  No
