

Jefferson County
Board of Commissioners
Agenda Request

To: Board of Commissioners
Philip Morley, County Administrator

From: Frank Gifford, Central Services Director

Agenda Date: August 18, 2014

Subject: Motor Graders, Bid Opening

Statement of Issue:

Opening of bids at 10:30 am for the supply of motor graders as needed from time to time over five years by the Department of Public Works.

Analysis/Strategic Goals/Pros & Cons:

A request for bids for a five-year contract for motor graders was issued, and bids are due to be opened today.

Fiscal Impact/Cost Benefit Analysis:

Replacement of both of the County's motor graders is behind schedule, leading to decreased operational efficiency and additional unscheduled and expensive repairs. Lifecycle costs are higher than should accumulate with scheduled replacements.

Recommendation:

Direct the opening of bids at 10:30 am and that Fleet Services evaluate bids and return at a later date with a recommendation of award.

Department Contact:

Matt Stewart, Manager of Fleet Services, 344-9713
