Jefferson County Public Works will be beginning construction on the Paradise Bay Road, Phase II road improvement project soon. This project is located in the Port Ludlow area on Paradise Bay Road and begins approximately 320’ southerly of Ludlow Creek (M.P. 0.37) and ends near the Teal Lake Road intersection (M.P. 1.53), approximately 1.16 miles long.

This project will preserve & rehabilitate the asphalt roadway surface, provide paved shoulders, improve the sight distance, and enhance safety. The project will re-pave the 11’ lanes and widen and pave the shoulders to 4’ wide.

This construction contract was awarded to Lakeside Industries, Inc. of Port Angeles, WA. on April 6.
Construction is scheduled to begin on May 26, 2015 and is expected to continue to September 4, 2015. Work will likely begin with construction sign installation, followed by clearing along the roadway and shoulder excavation. Utility relocation work may precede or coincide with the roadway construction work.

Motorists should expect some traffic delays, however a minimum of one-lane one-way traffic will be maintained at all times. Traffic control will be provided both by flaggers and by automated traffic signals. Access will be maintained for all intersecting roads and driveways. Every effort will be made to minimize the delays to traffic and impacts to properties adjoining the project.

Public Works staff appreciates your patience during the construction phase of this project. Questions or concerns regarding this project should be directed to John Wayand, Project Manager, at the Jefferson County Public Works office, 623 Sheridan St., Port Townsend, WA. 98368, 360-385-9377.
