

DB REC NUM	SITE ID	OWNERSHIP	SEVERITY (1-10)	HISTORY	CURRENT STATUS	TENTATIVE PLAN
4	BOULTON ROAD	County	2	Found in 2004. County has mowed and Weed Board has attempted to pull plants mowers cannot reach. Not always successful.	May 28--RR crew weed-whacked scattered patches	Get a landowner to monitor
7	LORDS LAKE 430	County	2	Found in 2004. Pulled each year since 2007.	May 8--WB staff dug and bagged over 100 plants.	Monitor
95	WEST VALLEY	County	5	Found in 2004. County has mowed.	May 23--WB staff and a volunteer dug a good-sized patch by Chimacum School. May 28--RR crew weed-whacked plants between Egg & I Road and Eaglemount	Volunteers (or WB staff) pull the scattered plants in the remaining 4 miles of road.
223	SR104\SOUTH POINT ROAD	County\DOT	3	Found in 2004. Pulled each year since 2007.	May 31--WB staff pulled or dug all--only about 15 plants. Big reduction since last year	Monitor
224	SR20\ANDERSON LAKE	DOT	2	Found in 2004. Pulled each year since 2007.	April 17--all dug--gone.	Monitor
234	OLD EAGLEMOUNT	County	7	First noted in 2002. County mowed. Weed Board sprayed in 2010.	May 23 or thereabouts--county crews brushcut.	Volunteers either pull or cover. If all else fails, spray. (note that 2 landowners are in favor)
351	CENTER ROAD 801161002	PVT	4	Found in 2005. No response from owner.	April 25--still bad, although alders have grown up.	Try to get response from owner--hard because it is a business in Edmonds
356	CENTER ROAD	County	4	Found in 2005. County has mowed.	May 30th--RR crew weed-whacked. Populations on Center have exploded in 2012. Weed Board member surveyed, May 22 and 23. Also, volunteers have pulled outside Red Dog Farm, to prevent contamination of farm crops.	Monitor, spray one section where the landowner wants us to (WB staff can do this)
403	EAGLEMOUNT	County	9	Found in 2007. County has mowed. Weed Board staff have attempted to pull plants from ditch where mowers cannot reach. We are losing the battle here.	May 25th--RR crew weed-whacked and volunteers have done some pulling	Monitor, more volunteer pulling. This is one of the worst sites--we may need to spray eventually
404	PETERSON ROAD	County	3	Found in 2007. Sprayed in 2010. Handpulled 2011 and 2012.	April 17--all dug--gone. Plus, county brushcut in May	Monitor

405	EAGLEMOUNT ROAD MM4	County	9	Found in 2007. County has mowed. Too large for Weed Board staff to consider hand-pulling.	May 25--RR crew weed-whacked	Monitor, maybe volunteer pulling
409	SR20\EAGLEMOUNT	PVT	3	Found in 2007. Landowners have controlled.	April 17--none seen.	None
453	LARSON LAKE	County	9	Found in 2007. County has mowed. Too large for Weed Board staff to consider hand-pulling.	May 25--Contractor weed-whacked. May 29--roadside plants that had been previously mowed by county were rebounding. May 30--RR crew went in to get hard-to-reach plants. One landowner that we know has a problem with spraying has been called--she has NO problem with spraying as long as it is not near her property. June 5--WB staff and a volunteer pulled scattered plants between MM 3 and MM 1	Spray from Beaver Valley Road to MP 3 as soon as soon as possible. Hand-pull from MM 0 to MM1
