

This document is for reference only and cannot be relied upon as a decision making tool. For complete information, refer to [Ordinance 06-1011-21](#) or call our office at 360-379-4484 to determine if your property is effected by the moratorium.

To locate your parcel information, go to the GIS link on the County website:

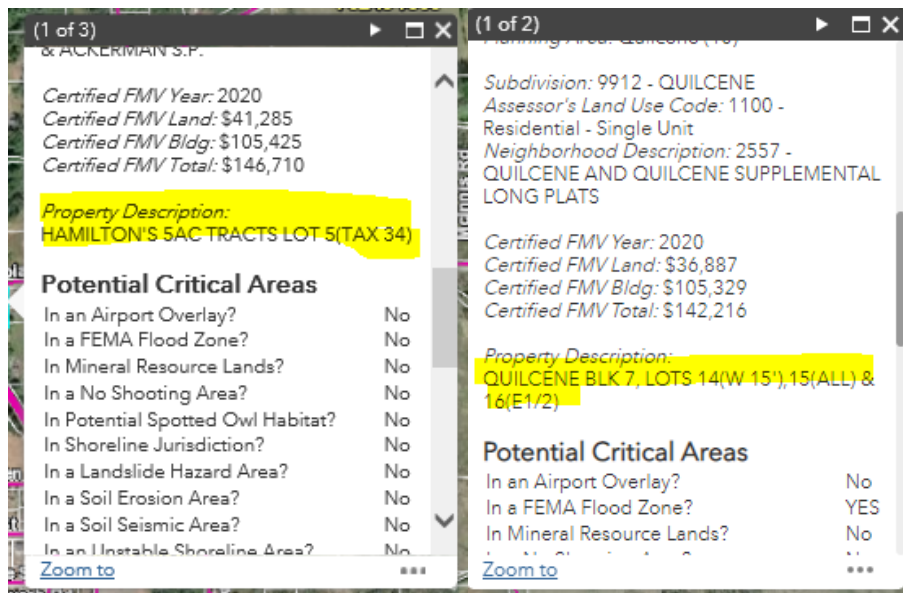

<https://gisweb.jeffcowa.us/LandRecords/>

Type your parcel number or address in the search box. When it zooms to your property, there will be a property information box. Scroll down in the box until you locate the *Property Description*.

If a Property Description with a S, T, R pops up, you are likely not in a plat and your property is not affected.

If a Property Description with a name pops up, you will need to see if that plat name is pre-1971. You can do that by accessing our spreadsheet here: [Plat List pre-1971](#)

If your Property Description name is located on the Plat List\_pre-1971 then your property may be subject to the moratorium. Please call our office at 360-379-4484 to further discuss.
