

Jefferson County Department of Emergency Management

Community Situation Report

2020 COVID-19 Pandemic

April 2, 2020

A CALL FOR MORE FACE MASKS

While many people have stepped up to make face masks for community use, the need has increased. If you can help with this project, the face mask pattern and instructions can be found at: <https://www.co.jefferson.wa.us/1450/VolunteerHow-to-Help>

Port Townsend Public Works encourages using disinfection products to help prevent the spread of COVID-19 but asks for your help to dispose of all wipes, including those labeled as “flushable,” and other cleaning products using the trash rather than flushing them down the toilet. Wipes and other cleaning products cause sewer blockages, backups, overflows, and can damage pumps and other critical infrastructure. City crews are now needing to inspect key areas where sewer pipes are susceptible to clogging from such items three times a week. Please do your part to reduce this need.

Please call in and report clogged storm drains. Please contact us at (360) 379-5096 during work hours. For emergencies after hours and on weekends, please call JEFFCOM dispatch at (360) 344-9779, ext. 0. They can dispatch City crews to assess the situation.

REMINDER: DO NOT CALL 911 to report “STAY AT HOME” violators. To report a suspected violation to the Governor’s STAY AT HOME order, go to <https://coronavirus.wa.gov>.

*Last results received 4/02/2020. We are working with Jefferson Healthcare and other labs to provide the test result data.

Total Positives (confirmed cases)	19
In-County Exposure	9
Presumed Out-of-County Exposure	11
